## FEATURES

The ER-380 is a perfect choice for any small retail or food service business. The high-speed thermal printer provides receipts that match the quality of high-cost POS equipment. Built-in memory can be assigned to capture transaction information for later sorting and review (electronic journal.) The flexible ER-380 keyboard can be configured with the exact functions you require, providing security, cash control and critical sales information.

- Full size heavy duty cash drawer with 5 bill and 5 coin compartments.
- Ten position front and rear displays with a rear pop-up display standard.
- 24-hour real-time clock with automatic day and date change.
- 4000 lines electronic journal are available.
- 500 price look ups (PLUs) are available for open or preset item registration. For direct registrations, 12 NLU (PLUs) are located on the ER-380 keyboard.
- 20 group totals to accumulate totals of individual PLUs that are assigned to each group. Each PLU can be assigned to up to three different groups.
- Up to 10 clerks or cashiers with separate report totals.
- A partial programmable keyboard allowing customized placement of functions, as they are needed.
- Food stamp sorting and tendering for stores that accept food stamp payments.
- Check, cash, and up to eight charge keys.
- Management X and Z reports include financial, PLU, clerk, group and sales by hour.
